EXPERIENCE

Consultant Nov 2022 - Present
Vadini Infocenter Private Limited *Pune, India*

- Developed and customized Catalog items, Ui policies, and Ui Actions to enhance user experience and streamline processes within the ServiceNow platform.
- Actively participated in Agile development methodologies, such as Scrum, to deliver projects on time and with high quality.
- Configured various modules including Incident Management, Problem Management, and Change Management to align with organizational requirements and best practices.
- Implemented Workflow and Flow Designer to automate business processes and improve operational efficiency.
- Utilized Transform Maps to facilitate data transformation and mapping between ServiceNow instances and external systems.
- Successfully migrated applications from one ServiceNow instance to another, ensuring seamless transition and functionality.
- Collaborated with stakeholders to gather requirements and translate them into technical solutions within the ServiceNow platform.
- Contributed to the creation and maintenance of technical documentation, including design specifications, user guides, and release notes.
- Successfully migrated update sets from one ServiceNow instance to another, ensuring seamless transition and functionality.

Freelance Developer Aug 2021 - Dec 2022

- Collaborated with clients to understand project requirements and design user interfaces using Figma.
- Developed responsive and visually appealing front-end solutions using HTML, CSS, JavaScript, and Bootstrap.
- Utilized Git for version control and collaborated effectively with clients and team members.
- Ensured timely delivery of high-quality code and maintained clear project documentation for efficient project management.
